

ST. GREGS/ IRIC OSP

May 2026

April Recap

We had a great month of building relationships and creating memories. These Star's have been super into building with our new cardboard construction kit! It's been great to see their imagination and creativity shine while figuring out what to build. We've also developed new interests in card games like our taco cat game and the chameleon game. It's so much fun observing the new skills they gain while participating like math, communication, and problem solving. We've also been loving sensory experiences and are excited to explore with more textures and sensations. We can't believe the year is almost over but are so excited to see what the next two months bring!

-Miss Michaela, Miss Ann, Miss Jody, Miss Tia, and Miss Taya
