March 2026

February Recap

Can you believe we are already half way through the year?! February was so kind and gave us some beautiful weather. We made the most of it by spending lots of time doing what we love in the outdoors. We've got into the routine of picking a daily sport, it usually tends to be hockey! We've been doing lots of beading and creating with recycled materials. Art has been a big interest lately, we've been encouraging the children to be creative by offering lots of open ended experiences. We can't wait to see all the fun and LUCK March brings!

Reminders

We have a few days over the next few months where one school has PD care, and the other operates regularly. We will still be offering care those days. But for students on break, we need to have a minimum of 7 children to operate full day care. We will be reaching out early to gather numbers so please look out for those messages. For the school that is in session, care will run as usual with before and after school care
