November News...

We are thrilled to see the friendships forming and seeing our Stars helping and being empathetic towards each other. A big part of early learning is building social skills and acquiring tools to self regulate. Lately we have observed that our Stars are very into cutting with scissors and beading. They are also big into sensory experiences, Playdough, slime, and the water table which works their fine motor skills. Dramatic play has seen cooperative play, cooking in the kitchen, with lots of family play. Our block area interest is everything building and vehicles. We have started writing our autographs in Pre-K and have lots of early literacy activities happening focusing on letter recognition. We will continue to collect for the Food Bank throughout the whole season as there is always a need, they accept food that is up to one year past expiry dates.

As we head into chillier climates, please send your child's outerwear in a bag for easy transport and label every little item! We are trying to have the Stars ready for outside play and pick up quickly and it makes it easier for us when we can see what belongs to each Star.

As always, we welcome your ideas and feedback as we are always striving to improve the programs.

Please use the Lillio App to message us.

Hugs from the Little Star Staff

Dates to Note!

Nov 9th – 13th & 27th
No school

Nov 5th and 6th
Pajama Day

Nov 6th
Visit from Miss Taren in her Cadet uniform

Nov11th
