Happy Easter

April OSP News

Spring has sprung and we are so excited for the warmer weather it brings. We love exploring the mud puddles and enjoy all the adventures and creative play that is emerging around spring and the environment as it changes. This being said please remember to send your Star with appropriate outdoor gear as well as packing a spare set of socks or two just incase.

Last month we added an assortment of new fine motor manipulative toys and games to our centers and the Stars have been loving them. We have been challenging them with a Tetris shape puzzle, intriguing them with "plus plus" blocks and teaching them some new "old school" games such as war, uno, skip-bo, bop it and even some hand held water ring toss games. As the season change so has our interests from hockey to soccer and any chance the Stars get they are starting up a friendly game of soccer. We have also seen a lot of encouragement and leadership from our older Stars being passed down to our younger ones when teaching them the rules of new games which is awesome to see.

Parent input planning board

In order to involve parents more in the day to day planning and activities at OSP, we are going to start posting our planning on the bulletin board inside the purple pod door way. Any parents that want to give feed back or add suggestions are invited to write directly on our planning pages or add a sticky note to our suggestion box.

Our suggestion box will be stationed either in the purple pod on top of the lockers, or under the stairs on our storage shelves. We are excited to see any input or comments from parents in the near future!

Important dates

March 29th- April 5th St Greg's Spring break **NO PD DAYS OFFERED**
