What type of bean can't grow in the garden?

A jelly bean

I understand with the changing weather, it is difficult to know what to do for clothing, we do spend time outside daily. With snow on the ground we need waterproof mittens, snowpants, coats, boots and touques.

When the snow does melt they will require rubber boots and splash pants to keep them dry.

Please Label all of your child's belongings.

We value your feedback. Please send a message through Lillio or the list on the bulletin board in KinderCare to suggest any additions to our programming.

If your child is sick or you no longer need care please contact us through Lillio prior to time of care.
