January 2025 News...

We are excited for the new experiences to come as we embark on this brand new year! My staff and I are excited to set new goals and start the New Year off inspired!

We love observing the children and adapting to their interests so that we can teach them using what inspires them. We have observed interests

in music, dancing, family, and animals so we will be adding to our space to expand in these areas.

Our Pre-K Stars have been practicing writing their autographs and we will continue finding ways to make that exciting for them including writing in the sand, and snow!

Ask them for their autographs!

The Stars have been loving being detectives and staff have been hiding different items throughout the school to allow them to practice their skill set in search and find.

We love to end January with our annual Beach Days, time to get out the hats, sunglasses, and beachwear!

We'll be outside often, please send outerwear daily and ensure you are labeling all your Star's belongings. Send water bottles to ensure adequate hydration!

I welcome any ideas you have as I am always striving to improve my programs!

Children need the freedom and time to play.
Play is not a luxury.
Play is a necessity.
