April News!

Recently the Stars have been interested in building roads and all kinds of structures. They are still interested in family play, especially with babies! They love practicing their gross motor skills and are showing an interest in science and nature. We will be expanding on those interests as well as introducing some new concepts.

We will host a big Superhero dress up Earth Day garbage clean up in our community. (Families welcome to join us!) This instills a sense of pride and responsibility in where we live. We will also talk lots about recycling and other ways to keep the Earth healthy and for us to be superheroes to the planet!

We have lots of special visitors this month and we are lucky to be learning new facts and skills from them.

Reminder that we are here for you should you want to discuss how your Star is doing, contact us through the Lillio App.

As we hope to be outside daily, please ensure your Star has proper clothing for all types of Alberta spring weather.

Classes for next season are filling up quickly, please get your registration in asap to secure a spot for your Star. Huge thank you to the volunteers that have come in to do the Toy Cleans, we appreciate you helping us keep a clean and healthy environment for our Stars.

As always, we welcome your feedback/ideas as we are continually striving to improve all our programs.

Happy Easter Hugs to all our Star Families!!
